Handbook Of Feminist Research Theory

Section two of the Handbook, "Feminist Research Praxis," examines how feminist researchers utilize a range of research methods in the service of feminist perspectives. Feminist researchers use a range of qualitative and quantitative as well as mixed and multi methods, and this section examines the unique characteristics feminists researchers bring to the practice of feminist research, by by maintaining a tight link between their theoretical perspectives and methods practices.

Handbook of Feminist Research | SAGE Publications Inc

This Handbook presents both a theoretical and practical approach to conducting social science research on, for, and about women. It develops an understanding of feminist research by introducing a range of feminist epistemologies, methodologies, and emergent methods that have had a significant impact on feminist research practice and women's studies scholarship.
