While the book's title
Less and More nearly
demands to be
mistyped as Less is
More, Rams himself
explained his design
approach as "Weniger,
aber besser," which
translates roughly to
"Less, but Better," but
the book remains
indicative of its title.
Consisting of nearly

Interestingly, Van der Rohe is credited with first applying the phrase “less is more” to design, making him an icon in the minimalist movement that shaped much of the modern era. The less-is-more attitude quickly moved from architecture to other arts and industries – interior and industrial design, painting, and music.
