Problems Of Rationality V 4

Rationality and emotion are thus set against each other in *The Sign of the Four*. Holmes represents the extreme of the former, while Watson and Miss Morstan represent a more emotional (and human) way of life. The reader is asked to question the price that Holmes has to pay in being so devoted to rationality and logic at the expense of emotions.

Rationality means finding out what is true and reaching your own goals (whatever they are). (2) You can analyze a lot of ideas that are in line with that definition. (3) For example the stuff - The map is not the territory - that you mentioned in the video is already included in the mindset of the community (4).

This expository paper is concerned with the rationality problems for three-dimensional algebraic varieties with a conic bundle structure. We discuss the main methods of this theory. We sketch the proofs of certain principal results, and present some recent achievements. Many open problems are also stated.
