The Power of Place by Mark W. Frazier - Cambridge Core

"Place: it's where we're from; it's where we're going.... It asks for our attention and care. If we pay attention, place has much to teach us." With this belief as a foundation, The Power of Place offers a comprehensive and compelling case for making communities the locus of learning

Tom Vander Ark, Emily Liebtag and Nate McClennen's "The Power of Place" is like oxygen for design thinkers! Many of us feel that the "bells and cells" model of school (classrooms and corridors) is a form of prison. The Power of Place breaks through that prison and speaks for us with joy in place, solid experience and research.
