A hybrid vehicle is one that uses two or more distinct types of power, such as submarines that use diesel when surfaced and batteries when submerged. Other means to store energy include pressurized fluid in hydraulic hybrids.. The basic principle with hybrid vehicles is that the different motors work better at different speeds; the electric motor is more efficient at producing torque, or ...

R3. In-Text Citations. R3.1. For Standard legal documents, in-text citations are rendered either as (i) a complete sentence that supports a claim in the immediately preceding sentence of text, or, (ii) when the citation relates to a particular part of a sentence, as a clause within the sentence, immediately following the claim it supports.
